Cybersecurity Analyst with over 6 years of experience in multidisciplinary environments. I have collaborated with clients such as Pubity, ForistaMeri and CTRN on audiovisual projects and providing technical IT support.

As a developer, I have designed and optimised websites and processes.

I currently hold Cisco's "CCST" and Pearson's "IT Specialist" certifications, and I am preparing to obtain CompTIA Security+ y CEH certifications.

## **PROFESSIONAL EXPERIENCE**

### **Freelancer**

Multidisciplinary Technician

Remote

October 2021 - Present

- I provided IT support by optimising computers, performing maintenance to improve performance, solving various problems and teaching people how to configure and optimise programmes such as OBS, Discord, Games and more.
- I developed and optimised websites for various clients, improving page efficiency and speed.
- I edited videos and managed social media for clients such as Pubity, ForistaMeri and smaller content creators. I increased their reach and revived their channels, in one case, I recovered up to 90% of their previous audience after seven years of channel inactivity.
- I implemented graphic design and animation strategies to enhance visual engagement, creating 2D animations using tools such as Adobe Photoshop, After Effects, and Premiere Pro.
- I designed and animated custom logos for clients such as CTRN, improving their brand presentation

### **Krill Audio**

Unity 3D Developer (Internship)

Málaga, Spain

March 2021 - May 2021

- I developed interactive audio applications using Unity, testing functionalities of the "Krilloud" middleware.
- I documented processes and conducted tests to identify the source of application errors.
- I collaborated with a developer and a team of 3 sound designers in an official Unity competition.

## **EDUCATION**

### **Advanced Diploma in 3D Animation, Games, and Interactive Environments**

Cesur

Málaga, Spain

2019-2021

Average Score: 8.55

## **ADDITIONAL SKILLS**

- Cisco Certified Support Technician Cybersecurity (CCST Cybersecurity)
- IT Specialist - Cybersecurity by Pearson
- Advanced knowledge of IT, technical support, C#, Python and Front-end web development.
- Native Spanish speaker and Conversational English
- Class B driver's license and own vehicle.
- Enthusiastic about artificial intelligence, adapting it to workflow and streamlining processes.
